EDUCATION

Oregon State University Undergraduate, Electrical Engineering	September 2025 - Present
Glencoe High School Valedictorian, Honors Graduate	September 2021 - June 2025

TECHNICAL STRENGTHS

Computer Aided Design	Autodesk Fusion 360, Onshape
PCB Schematic and Board Design	Fusion PCB
Verilog Coding for FPGA	Tang Nano 9k Toolchain

EXPERIENCE

<u>Oregon State University Chip Lab</u>	September 2025
Was selected for an exclusive opportunity to attend a one week crash-course in the summer, detailing the semiconductor manufacturing process delivered by both PhD and industry speakers. The course consisted of daily lectures and labs.	

<u>High School Senior Design Project</u>	June 2024 – May 2025
Designed a novel carbon fiber robot in Fusion 360, created a custom brushless DC motor controller and a system motherboard using Fusion PCB. Robot utilizes an FPGA, Orange Pi and ESP32 for functionality.

<u>FIRST FRC Robotics Team Shockwave (4488)</u>	September 2020 – June 2025
<i>Team Captain, Lead Electrical, Design, Technician</i>	
Was part of Glencoe High School's FIRST robotics team: 4488 Shockwave for five years. Joined the electrical group in 2020 before moving to the design section in 2023. Main designer for Vortex (2024) and Riptide (2025) robots. Promoted to Team Captain in 2023, overseeing students operations and performed as a team ambassador during competitions.	

RELATED COURSE WORK

- College Courses: DC and Transient Circuits, Discrete Signal Time Processes, Vector Calculus I
- High school AP Courses: Human Geography, Statistics, Biology, Calculus BC, English and Composition
- Other Noteworthy High School Classes: Aerospace CCP Series, Data Science

PAST EMPLOYMENT

<u>HOA Facilities</u> <i>Pool Maintenance</i>	Summer 2022 & Summer 2023
Was responsible for maintaining chemical balance (chlorine, pH, alkalinity) and filter systems for the 2 pools maintained by the HOA. Responsibilities also included general pool maintenance, and ensuring the pools were compliant with state safety codes for residents to enjoy.
